

subtle - Bug #204

Multiple grabs with the same key

Description			
Hi			
I have noticed that grabs like			
<pre>grab 'W-S-w s', [:center, :center66, :center33] grab 'W-q s', :WindowStick</pre>			
are not distinguished by subtle and only last action is called for both grabs. I guess it is because last keys in chains are the same.
